REMARKS

In this amendment, a cross-reference to the parent provisional application has been added to the specification. The applicant has previously claimed priority of the provisional application and the U.S. Patent and Trademark Office acknowledged the priority claim on the Official Filing Receipt. It is believed that the amendments do not raise any new issue or new matter.

For the reasons submitted above, applicant requests that this amendment under 37 C.F.R. §1.312 be entered.

The Commissioner is hereby authorized to charge payment of all fees associated with this communication to Deposit Account No. 02-0393.

Respectfully submitted,
